

MY REGRET

Jett Prescott

You are dreaming so peaceful with nothing to lose
For all of these nightmares that I'm going through
I carry the cross of your faith
While we bury another mistake
You are the reason that I can't think straight
While I wait for a call that won't come this late

It's hard to stay strong
When you can't hold on

Cause you, you are my regret
I gave this my best, I loved you first, I loved you first
I'm sailing away from the sun
I'm running away from the gun
It's time, time to move on

You are over your head cause she's under your skin
You're crying to sleep over what could have been
There's no going back, you got nothing to prove
I can't call the Angels cause they've chosen you
You are the reason that I can't think straight
While I wait for a call that won't come this late

It's hard to stay strong
When you can't hold on

Cause you, you are my regret
I gave this my best, I loved you first, I loved you first
I'm sailing away from the sun
I'm running away from the gun
It's time, time to move on

Oh you, you are my regret
I gave this my best, I loved you first, I loved you first
But I won't wait anymore
No I won't wait for you anymore
It's time to move on, yeah, yeah
It's time to move on
