

TO FLY

Jett Prescott

Never say never, you can do better today
I'll do whatever
Not my kind of weather, anyway
Emotions like concrete, under this calm breeze
For you
Carousel laughter, and nothing else matters but you
Just you

Wouldn't you know it
Though I never show it
Well I can't wait to see you fly
So high

Never say never, well I could do better too
Clever persuasion you know that I see right through
Don't understand me
Just take my hand, you'll see
Innocent chatter, and nothing else matters to me
To me

Wouldn't you know it
Though I never show it
Well I can't wait to see you fly
So high

These wings won't spread without a little love
Just climb that mountain you've been dreaming of
And I will lift you up

The suns and stars collide
While you're soaring through the sky
Oh how beautiful to fly
Without wings
Without wings
