

IGNITE

Jett Prescott

Slow down wild honey, take your time
Come a little closer, and I'll ease your mind
People come, and people go
So take a chance, on someone you may never know

I set aside my pride
A thousand oceans wide
Just so darling you and I
Ignite
Ignite
(child)

So you don't dance, but you still light up the room
You're looking at them, and I see only you
Hey, hey, baby, it might sound crazy...
but don't you give yourself away talking 'bout your better days

Well I don't mind getting by
Just waiting all my life
Until the day that you and I
Ignite
Ignite
I'll give you all I am
I'll give you all I am
(child)

I set aside my pride
I'll swim a thousand oceans wide
Just so darling you and I
Ignite
Ignite
Ignite
Ignite
I'll give you all I am
I'll give you all I am
I'll give you all I am
I'll give you all I am
Ignite
